Germany Offered Peace and Galicia for a Part of Poland

TEUTONS MAY ATTEMPT A DRIVE THRU SERBIA TO HELP TURKEY IN HOLDING THE DARDANELLES

(Associated Press)

London, Aug. 9.—The great struggle in the east must continue now. Russia has rejected what London regards as a bona fide proposal from the German emperor for peace. Russia was offered Galicia for a part of Poland.

RUSSIANS WILL GAIN THEIR NEW LINE

The Teutonic forces continue to progress northeast and southeast of Warsaw. Military observers here, however, think the Russians will reach their new positions safely.

GERMANS CROSS THE VISTULA

Berlin, Aug. 9.—The Germans have occupied Praga the suburb of Warsaw on the eastern bank of the Vistula, says an official statement.

STROKE AT SERBIA

The Dardanelles operations are being closely watched. They have a possible bearing on the Balkan situation, which is again simmering, because the renewed quadruple entente pressure on Greece and Bulgaria is more keenly realized here now. The indications are that Germany will deliver the next hard blow against Serbia, in order to link up with Turkey. It is increasingly manifest that Germany looks to the east for the settlement of the war. She would occupy a favorable position to invade Bulgaria's aid and reaching Constantinople by overrunning Serbia.

ITALIANS ARE GAINING

The latest Rome official report says the Italians have gained the mountains of Cadore. The Austrians are forced back as far south as the slopes of the Burgestall in the Seton valley.

AUSTRIANS FORCE RUSSIAN ARMIES APART

Austrian Army Headquarters in Poland, Aug. 9.—A defeat of the Russians Sunday between Lubartow and Mochow resulted in driving the Russian columns apart, leaving a large gap between. The Russians north of Lubartow fled northeast across the Vepz at Leaskowice. Those around Mochow reached the Vepz via Baranow. The Leaskowice retreat was a rout. It is known the prisoners number more than 6,000.

SUB SUNK TURKISH BATTLESHIP

Constantinople, Aug. 9.—The Turkish battleship Kroyreddin Barbarossa was sunk by an allied submarine, says a Turkish official dispatch.

DENMARK HADN'T HEARD OF IT

Copenhagen, Aug. 9.—Persons in close touch with court circles here say they know nothing of the offer of peace that Germany made through the king of Denmark to Russia.

## PREPARING TO GO TO BLACK POINT

Ocala Rifles will Leave Tomorrow for the State Encampment

The Ocala Rifles leave tomorrow morning on A. C. L. train No. 38 at 2:25 o'clock for the state military encampment at Black Point, near Jacksonville on the St. Johns river, where they will go into camp for eight days. The company is carrying 65 men, four officers and two cooks, and the boys say it is not only the largest company, but the best organized and most efficient that has gone to encampment in nine years.

The company is well officered, the men are thoroughly drilled and the equipment is right up to standard. The encampment is under the regulations of the United States army and the men are held to rigid discipline and hard training and the encampment, while not devoid of its pleasures and recreations, it is not the pleasure jaunt that it used to be in the "good old days" of free and easy rules.

The state is rapidly making a model encampment site, drill ground and rifle range at Black Point. It is a large tract of land, admirably located, and most of the conveniences of life are being installed there—conveniences that could never be put in at a temporary camp.

A big dancing pavilion and club has been built for the enlisted men, the railroad will be extended into the grounds in a short time and the street car lines will also be extended.

Following is the roster of the officers and men of the company:

**Roster of the Riflemen**  
Commissioned Officers—Captain Edward Drake; First Lieut. H. Curry Campbell; Second Lieut. R. L. Marsh; Captain Fred Wehe, detached, assistant inspector of small arms practice.

WILLISTON AND LIVE OAK EXPECTED TO PLAY Ocala THIS WEEK

Manager Hunter expects either the Live Oak or the Williston team to play the home nine Thursday. There will be a good game, in either event. Live Oak has a live team, and Ocala is always glad to see the Williston boys.

Leesburg must have some ball team. It went to Clearwater last week, and beat our much loved rivals of that lovely city two games out of three. Ocala will probably arrange for a game with Leesburg before the season is over. It is the turn of our nine to be the visitors.

DEATHS AT THE DESMOINES DERBY

DePalma is Victor and Chandler and Keeler are Dead

Des Moines, Ia., Aug. 8.—Two deaths and two injuries, one probably fatal, marked the initial 300-mile automobile derby in the new mile speedway here yesterday. Ralph DePalma won the race, Ralph Mulford was second and Eddie O'Donnell third. The time was 3:28:52.

Joe Cooper was killed on the thirty-eighth lap when his car literally sailed over the outer edge of the bowl as he was nearing the grandstand and fell outside, with Cooper and his mechanic, Louis Piel, pinned underneath the wreckage.

The second accident came when, in the thirty-eighth lap, Billy Chandler's car crashed against the inside rail. Morris Keeler, Chandler's mechanic, was injured and died at the hospital shortly before 9 o'clock.

Chandler has less than an even chance for recovery, physicians said. Piel, a victim of the first accident, was reported in a critical condition.

RUSHING SUPPLIES INTO RUSSIA

Japanese are Busy Stocking Up their Enemy of Eleven Years Ago

Tokio, Aug. 8.—Now that the danger of war with China is over all Japan and Korea is engaged in making supplies for Russia and her allies. Officially, Japan has given increased practical expression to her friendship towards Russia by going to the limit of dismantling some of her fortifications on the northeastern coast of the empire. Big coast guns stripped from these fortifications have been shipped to Vladivostok and thence onward to Galicia to strengthen the big gun artillery of the armies of the czar.

John Thomas, a white man who works for Martin & Bennett of Summerfield, came to town on horseback Saturday evening, and tarried until late. A little before 11 o'clock, he was found by Patrolman Felts, bleeding and unconscious in the street by McIver & MacKay's warehouse. He had received a heavy blow on the head, but the reason for the injury is unknown. Perhaps his horse threw him, or perhaps some one struck him. As a small sum of money was found in his pockets, it is evident he was not attacked by a robber. His horse was found in a lot nearby. Thomas was taken to the hospital and his wound dressed. It made a long, ugly gash on the back of his head, but he will probably be all right in a few days.

# BATTLE WITH BANDITS ON THE BORDER

TROOPS AND RANGERS HARD AFTER MEXICAN INVADERS OF TEXAS

(Associated Press)

Brownsville, Texas, Aug. 9.—Officials today turned their attention to the reports that 300 Mexicans have crossed the border into Hidalgo county and that small parties are apparently making their way to some concentration point. Unusual precautions are being taken to prevent an outbreak. Soldiers were sent to Noria's ranch last night. It is believed the Americans were attacked by Mexican bandits. The details of the fight are awaited with interest.

Owing to the bandits having cut the telephone wires and the isolated character of the country, reports are meager, but it is known that fourteen ranchmen, later reinforced by soldiers, repelled the attacks. Several outlaws were killed. Five Americans, three of them soldiers, were wounded.

All passenger trains were stopped last night for fear the outlaws would wreck them.

Additional troops have been sent to Lyford, Raymondville and Sebastian.

RANGERS TO THE RESCUE  
Brownsville, Aug. 9, 2 p. m.—Five Mexican bandits and one Mexican woman were killed at Noria's yesterday. Fifteen Americans stood off sixty Mexicans for an hour. Their ammunition ran out just as fifteen Texas rangers arrived.

# OLD MAN CARRANZA IS OBDDURATE

Principal Stumbling to Block Mexico's Peace

(Associated Press)

EXPELS DIPLOMATS OF COUNTRIES THAT ARE NOT FAVORABLE TO HIS AMBITION

Mexico City, Aug. 8.—Dr. Juan J. Ortega, minister to Mexico for Guatemala, was given his passports yesterday and informed that he must leave the country within twenty-four hours.

The reason for this step was not announced but it is supposed that he is persona non grata with Carranza.

BRAZILIAN MINISTER TO GO ALSO

Washington, Aug. 9.—Carranza officials here said the Brazilian minister to Mexico City, the only diplomatic representative of the United States in Mexico, has been withdrawn because Carranza was prepared to expel him from the country as he did Senor Ortega, the Guatemalan minister. The Carranzaists here said that neither diplomat is on good terms with Carranza, and it has been Carranza's intention to hand the Brazilian minister his passport as soon as he occupied the capital. The participation of Latin-American countries in conference here, they said, brought Carranza's resentment to a climax. The Brazilian minister reported to the state department that no reason is given for the expulsion of Ortega. He himself intended to sail for the United States Wednesday.

CARRANZA'S AMBITION

State department advices said Carranza is hurriedly preparing to move to Mexico City. The impression in Mexican circles here is that Carranza proposes to declare himself provisional president.

Secretary Lansing announces that the conferences will be resumed.

Mr. S. M. Grubbs is again serving on the police force, taking the position formerly held by Mr. Koonce. Mr. Grubbs has been on the force before and made an excellent record. With Marshal Adams and Mr. Grubbs in the daytime and Patrolmen Wells and Felts at night, the city has four very good men, who guard the town as carefully as any force of the size possibly can.

Two negro women, Lemon Taylor and Minnie Davis, had a difficulty back of McIver & MacKay's warehouse Saturday night, and the Taylor woman drove a knife into the other's heart, making a wound that caused death in a few minutes. The wounded woman ran and screamed but soon dropped helpless and died. Her assailant "lit out" thru the back streets, but was captured west of town by Sheriff Galloway a little after midnight. Judge Smith held an inquest over the body of the dead woman immediately after the killing. Her body was taken in charge by McIver & MacKay, and was shipped to Eustis today. The trouble was caused by jealousy.

The authorities are again after the auto speeders and also the drivers who make nights hideous with their "noisewagons" wide open as they parade all sections of town, especially the suburbs.

The streets were made lively today with stalwart, khaki-clad young men, members of the Ocala Rifles, making ready to go to the state encampment.

Leon Davis, a sixteen year old colored youth, was sentenced to three months on the county roads by Justice Ferguson Saturday for carrying a pistol to school. The offense was committed several months ago, but Leon has been making himself scarce and was only apprehended a few days ago.

STATE OFFICIALS IN THE CITY

Knott and Luning Took a Look at the Marion Farms

Comptroller Knott and Treasurer Luning of the Florida cabinet were at the Harrington last night, and inspected the Marion Farms today. They were accompanied by Mr. A. H. Roberts, a clerk in one of the departments. A Star reporter asked Mr. Luning what he thought of the prospects for the Florida Life Insurance stockholders. Mr. Luning said all possible was being done, but he did not seem inclined to make any promises.

Virgil Counts, the courthouse caretaker, is devoting his spare moments to varnishing the furniture throughout the building, which makes a decided improvement in the appearance of things.
